

I use XM Satellite Radio for traffic and weather conditions all the time and I don't feel that anyone, including the NAB, has any business dictating what I can or cannot receive as a paid service.

I respectfully urge the FCC to reject the NAB's petition 04-160 and to support XM's ability to provide the kind of programming I demand and deserve.

This is America and freedom of choice is why Americans are fighting on foreign soil as I write this. Do not let them fight in vain.
